

Part #PFB-W
Replacement Burner Assembly

- HARDWARE**
 1- 1/4-20 X 1 1/2" Bolt
 1- 1/4-20 KEP Nut
 1- 10-24 x 1 1/2" Bolt
 1- 10- 24 KEP Nut
 1- Flat Washer

Burner Support Bracket Attaches to Inside Left Side of Grill Bottom

1. Insert the Burner into the Bottom grill casting as shown (Fig. 1). Position the Burner over the valve orifices and secure Burner to the grill bottom. **IMPORTANT:** The burner tube must go over the valve orifices at least 3/8". The burner bracket to casting connection is slotted to offer some adjustment.

1A. Attach burner support bracket to the inside of grill bottom using the 10-24 x 1 1/2" bolt, flat washer and KEP nut.

2. Attach burner support bracket to burner using the 1/4- 20 x 1 1/2" bolt and KEP nut.
